

Grassy Creek Cabooses & Depot

Come spend some time in an authentic Railroad Caboose or replica Depot (cabin) just off the Blue Ridge Parkway. They've been renovated with a **2 person Jacuzzi**, refrigerator, microwave, coffeemaker and toaster oven. The bedroom has a queen size bed and there is a private bath in each. The Cabin also has a queen sleeper sofa.

Spend some time listening to a CD on the stereo or watch a movie on the DVD/VCR. Relax while you kick back on the deck in a cedar log rocker. Open your windows for the fresh air and cool nights at an elevation around 3,000 feet. There are also 2 big swings to take in the rolling countryside with long-range views or admire some of the **most spectacular sunsets you'll ever see!**

Come on up and visit Grassy Creek Cabooses where you can sleep in a **real** caboose. During the day, you can take the trail down to Grassy Creek and at night gaze at all the stars. **Open year round!**
